

FROM THE PRINCIPAL

Dear Parents and Community Members,

We are excited to start another year with your student(s) at CPE. Over the past couple years, we have focused our attention on raising the achievement levels for all students. With the first year of the new state assessment (SBAC) behind us, we are looking at the data and developing additional ways to improve student learning and achievement. By no means are we satisfied with the results, but we also look at many other points of data to determine our course of action.

This year, we will continue to align our instruction to the Common Core State Standards, continue development of our response systems and monitor student progress closely. Implementation of our best teaching practices using a composite curriculum model will be our continual cycle of response as challenges arise. Ongoing implementation and assessment of varied instructional

tools/approaches has been one of the most effective methods at closing the achievement gap for our diverse population. We will also strive to capitalize on the strengths individuals inherently have as this builds confidence, security and a genuine affection for learning amongst our students.

We want to encourage you to stay connected to your student's teacher. Attending Back to School Night, conferences, volunteering and regular communication are important elements that demonstrate your commitment to education. Working together will benefit students and increase our ability to serve the unique needs of each child at CPE.

Thank you,

Principal | Walt Davenport

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
